Audit of Narcotic and Related Drug Controls
REF : Your memorandum dated 26 November 1963, same subject

1. We have reviewed your memorandum and attachment recommending that regulatory issuances be revised to provide that all regulated drugs be reported on stock record cards. We do not concur that changes to either [REDACTED] are required. We feel [REDACTED] provides adequate guidance. The Medical Staff is in the process of preparing a listing of those medical items which are to be considered as regulated and therefore are to be controlled. This list will be distributed to all installations. We feel such distribution will enhance the guidance contained in [REDACTED]. Present regulations concerning stock recording procedures are deemed adequate.
